I like your add. The language I suggested is what I added to the comms material last week- agree we should update it to be consistent in all documents.  
Thanks.

Nancy and David,

I'm looping in Peter as he has some thoughts on this as well. Also looping in Andrea as she's running point for comms on this and I want to make sure wherever we land on the preamble language gets reflected in our risk communication strategy. Thanks!

Dave

Do you think a statement like this, short and sweet (green below) would help address what the Administrator was looking for in the draft GenX and PFBS assessments?

Current exec summary:

# Deliberative Process / Ex. 5
